FORMATS?

Indepth brainstorming

1. What are the major gaps of information that you have encountered among stakeholders and the general public you have been in contact with?
2. What kind of training is needed for the stakeholders that will benefit of the outputs of the project?
3. In your city, region or country who should be trained to use the results of the project?
4. Cite 3 groups of non-specialised audiences that need to be informed?
5. Cite 3 tools, approaches or techniques for effective communication and/or educational activities?
6. Do you experienced any good practice in education or communication that could be repeated in the framework of these platforms?
7. Who in your organisation will be part of the committee that will plan and monitor the two platforms?
8. How these platforms can continue to be active and effective after the end of the project?
